

Business Licensing Application Guide

2024

Foreword

Dear Prospective Applicants,

As Executive Director of the Kentucky Medical Cannabis Program, I thank you for your interest in becoming a medical cannabis business licensee in the Commonwealth. On Team Kentucky our goal is to ensure our licensing structure and application process is fair and transparent to **all** applicants.

We also hope this process is accessible for **you**, the applicant.

As a result, we are pleased to provide this **Kentucky Medical Cannabis Program Business Licensing Application Guide**. This Guide provides comprehensive guidance on our license structure and application process. It includes everything from information on our license types, structure, and fees, to guidance on how to create an account in our **Business Licensing Application Portal**. This Guide will walk you through the application, including the required information and documents you will need to include to complete your application.

Each section includes helpful examples of each document type, screenshots from our **Business Licensing Application Portal**, and references to the relevant regulations.

Finally, the Guide's **Appendix** includes helpful resources that will assist you along the way, including a **Business License Applicant Checklist**, a map of Kentucky's **Medical Cannabis Dispensary Licensing Regions**, and other website resources. It also includes examples of **Documents and Forms** you will need to complete your application.

We hope this Guide is helpful to you in submitting your application to become a medical cannabis business in the Commonwealth of Kentucky. We created this Guide with **you** in mind.

Respectfully,

A handwritten signature in blue ink, appearing to read 'S. Flynn', written over a light blue circular background.

Sam Flynn
Executive Director

Overview

This Business Licensing Application Guide provides a general overview of the Kentucky Medical Cannabis Program (“the Program”) business licensing structure and process, in addition to step-by-step guidance on how to submit a business license application through the program’s online portal. **This guide is intended to be used by prospective medical cannabis business license applicants when preparing and submitting a license application.**

Each application requires applicants to submit information, documents, and attestations of fact using the Program’s online application portal. Examples provided in this guide are illustrative only. All applications and documentation submitted will be reviewed by the Program to determine eligibility of the applicant for a license and entry into the license lottery, if needed.

More information regarding the online portal and application requirements can be found at:

kymedcan.ky.gov

Business licensing structure

Kentucky’s medical cannabis program and framework was established by **Senate Bill 47**, the law that legalized medical cannabis healthcare for patients with qualifying medical conditions across the state. Senate Bill 47 created the structure for regulating the medical cannabis program, including licensed businesses, registered cardholders, and authorized medical cannabis practitioners.

Senate Bill 47 is codified in **KRS Chapter 218B**, and **915 KAR Chapter 1** contains all administrative regulations related to medical cannabis business licensing and operations.

The **Kentucky Medical Cannabis Program** is housed within the Cabinet for Health and Family Services and is charged with developing and implementing the processes by which medical cannabis can be made safe and accessible for registered qualified patients, visiting qualified patients, and designated caregivers.

To legally operate a medical cannabis business in the state of Kentucky, an entity or individual must be issued a license from the Kentucky Medical Cannabis Program. Prior to accepting applications, the Program will publish a **Notice of initial cannabis business license application availability** on the Program website that contains the time frame during which initial license applications will be accepted as well as the category and number of cannabis business licenses available for issuance following the close of the application period.

Business license types

Business licensees provide medical cannabis products for registered cardholders from seed to sale. The Kentucky Medical Cannabis Program business structure establishes **four (4) types of business licenses** which allow an entity or individual to conduct activities related to the responsibilities included under each business type below.

Cultivator

Responsible for
planting, raising,
harvesting, trimming,
and curing raw plant
material

Processor

Responsible for
processing and
packaging raw plant
material into usable
product formats

Safety compliance facility

Responsible for
contamination and
purity testing of raw
plant material and
products

Dispensary

Responsible for
purchasing and
selling finished
products to
cardholders

Individuals or entities can apply for one of the four types of licenses to operate a medical cannabis business. Learn more about each cannabis business license type and the approved or prohibited activities associated by visiting the **Businesses** page on the program website.

Cultivator licenses are further broken out into tiers based on the total square footage of cultivated space:

| | |
|-----------------|--|
| Tier I | Shall not exceed an indoor growth area of 2,500 sq. feet. |
| Tier II | Shall not exceed an indoor growth area of 10,000 sq. ft. |
| Tier III | Shall not exceed an indoor growth area of 25,000 sq. ft. |
| *Tier IV | Shall not exceed an indoor growth area of 50,000 sq. ft. |

**Tier IV cultivator licenses will not be available during the first initial license application availability period.*

Cultivation areas greater than 50,000 sq. ft. under a single license are not permitted.

Application permissions and restrictions

These requirements and restrictions apply to the number of applications an applicant may submit for a cannabis business license. In accordance with applicable regulations:

An applicant may...

- **Submit multiple applications** for a license within **one (1)** cannabis business **type** so long as the following criteria is met:
 - Each application contains a **separate** and distinct **physical address** where the cannabis business proposes to operate;
 - Cultivator applicants may only submit **one application per cultivation tier**; and
 - Dispensary applicants may only submit **one application per medicinal cannabis region** as identified in the map published on the Kentucky Medical Cannabis Program's website and available in the Appendix.

An applicant may not...

- During an initial license application availability period, apply for **more than one type** of cannabis business license (e.g., cultivator, processor, dispensary, or safety compliance facility).
- Submit an initial license **application after the time frame** during which the Cabinet is accepting applications.
 - Applications received after the published time frame for accepting applications will be **rejected by the Cabinet** and returned to the applicant without further consideration along with the application fee submitted by the applicant.

Application and licensing fees with capital requirements

Initial application fees for business licenses must be paid at the time of application submission by credit card or ACH/echeck. Application fees depend on the license category as outlined below:

| License Category | Nonrefundable Application Fee |
|----------------------------|-------------------------------|
| Tier I Cultivator | \$3,000 |
| Tier II Cultivator | \$10,000 |
| Tier III Cultivator | \$20,000 |
| *Tier IV Cultivator | \$30,000 |
| Processor | \$5,000 |
| Dispensary | \$5,000 |
| Safety Compliance Facility | \$3,000 |

| License Category | *Sufficient Capital Requirement |
|----------------------------|---------------------------------|
| Tier I Cultivator | \$50,000 |
| Tier II Cultivator | \$200,000 |
| Tier III Cultivator | \$500,000 |
| *Tier IV Cultivator | \$1,000,000 |
| Processor | \$150,000 |
| Dispensary | \$150,000 |
| Safety Compliance Facility | \$150,000 |

**Tier IV cultivator licenses will not be available during initial license application availability period*

Following license approval, license fees must be paid by credit card or ACH/echeck to the Cabinet within **fifteen (15) calendar days** of invoice receipt. Licenses will not be issued to businesses that fail to timely pay the associated licensing fee.

*Applicants must upload **documentation of sufficient capital**, either on deposit or through extension of credit from one or more financial institutions. An applicant cannot use the same capital for more than one (1) application. ***This is not a fee.*** See page 29.

| License Category | | Nonrefundable Initial Licensing Fee | Annual Renewal Fee |
|----------------------------|----------|-------------------------------------|--------------------|
| Cultivator | Tier I | \$12,000 | \$12,000 |
| | Tier II | \$25,000 | \$25,000 |
| | Tier III | \$50,000 | \$50,000 |
| | *Tier IV | \$100,000 | \$100,000 |
| Processor | | \$25,000 | \$15,000 |
| Dispensary | | \$30,000 | \$15,000 |
| Safety Compliance Facility | | \$12,000 | \$12,000 |

Application submission and review process

All cannabis business applications are subject to review by the Program. Applicants will be provided the opportunity to cure deficiencies noted by the Program. The application and review process will follow the timeline below:

Application acceptance and licensing process

Applications that have been deemed complete by the Program will be entered into the business licensing lottery if the number of complete applications exceeds the maximum number of licenses available within the requested category. The date of the initial licensing lottery, should it take place, will be announced through the Kentucky Medical Cannabis Program website.

Initially, the Program will be issuing the following licenses:

| License Category | Number of Initial Licenses |
|----------------------------|----------------------------|
| Tier I cultivator | 10 |
| Tier II cultivator | 4 |
| Tier III cultivator | 2 |
| *Tier IV cultivator | 0 |
| Processor | 10 |
| *Producer | 0 |
| Dispensary | 48 |
| Safety compliance facility | No initial limit |

**Tier IV cultivator and producer licenses will not be available during initial license availability period*

The Program will accept initial applications for cannabis business licenses beginning on July 1, 2024 through August 31, 2024.

Business license applicants selected by the lottery process will be notified the day of the lottery and will be required to pay the licensing fee within **fifteen (15) calendar days**. Eligible applicants who applied for a license in a category that did not require a lottery will also be notified by the Cabinet of pending license issuance and will be required to pay the initial license fee within fifteen (15) calendar days of notification.

Invoices will be sent by email and made available under the **Invoices** tab of the portal.

Business Licensing Application Portal

Applicants can use this quick step guide to access the Kentucky Medical Cannabis Program Business Licensing Application Portal and complete the process of applying for a medical cannabis business license in Kentucky. **This guide is intended to be used by prospective medical cannabis business license applicants when preparing and submitting a license application.**

Internet Required

The licensing system is an online system, requiring access to the internet. It is recommended you complete your application on a desktop or laptop with Google Chrome as the browser. Smartphones, tablets, and other browsers may not provide the most optimal user experience.

In addition to the Business Licensing Application Guide, applicants will find more resources and materials available for assistance on the Program website under the **Businesses** menu tab.

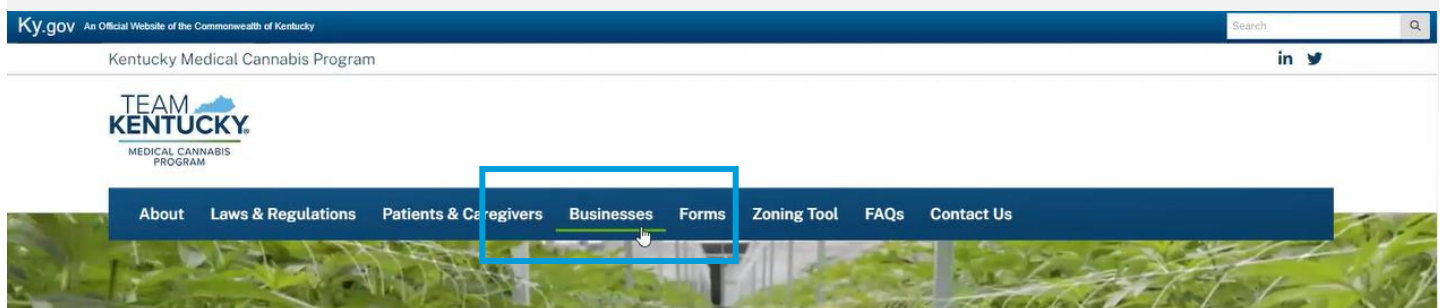

Applicants should review the Application Checklist provided in the Appendix and download or print the Business Licensing Application Guide to reference while preparing and submitting a business license application.

Before getting started, it is recommended that applicants have access to the following:

- Desktop or laptop computer
- Internet access
- Active email account
- Business Licensing Application Guide
- Business Licensing Application Checklist (see Appendix)

Where can I find the business licensing application?

Get started by visiting the Kentucky Medical Cannabis Program website at kymedcan.ky.gov. From the Home Page, select the **Businesses** tab from the header menu and click on the **How to Apply** tab on the left-hand panel of the Businesses Overview page.

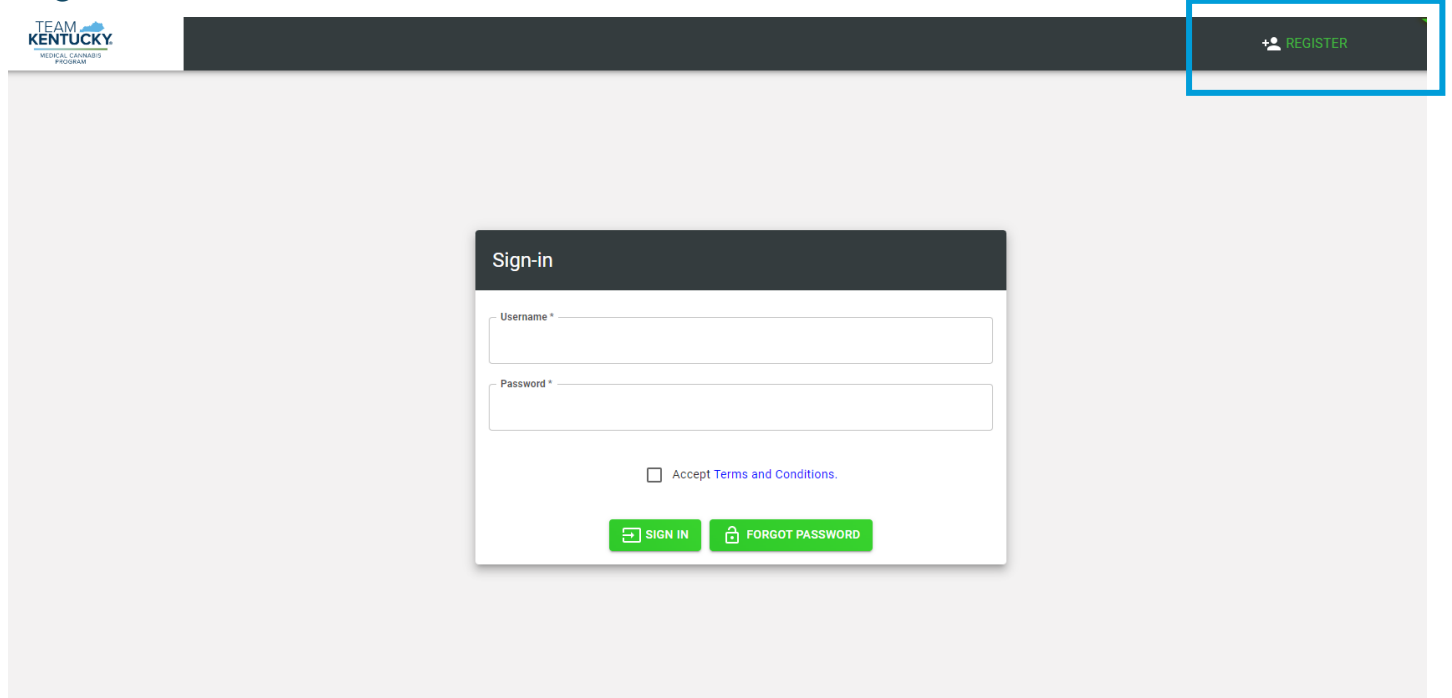

Getting Started

Here the applicant will register for a user account that will enable access to the business licensing and application portal. You will need an active email account to complete the registration process.

1. Creating an account

- Access the Business Licensing Application Portal by visiting the **How to Apply** tab on the left-hand menu of the **Businesses** page on the Program website.
- Upon first entering the portal for the first time, applicants will need to create a user account.
- To do this, click **Register** in the top right-hand corner of the portal landing page.
- This will prompt a registration form to create the user account. Note: This account *only* provides the user with access to the Business Licensing Application Portal. It *does not* mean the user has created a business license application.

Registration Portal

Getting Started

1. Creating an account (continued)

- Fill out required form fields.** Warning: Some information here will be used in the application and the user will not be able to modify it once the account has been created.
- Be sure to select “Business” for the type of application.
- Read the **Terms and Conditions**.
- Click **Register** once all form fields are complete and the Terms and Conditions have been read.

This will prompt a message indicating that the user has been successfully registered and to check the inbox for the email address provided to verify the user account.

Registration Portal

The screenshot shows the 'Create an Account' form within the 'Registration Portal'. The form is titled 'Create an Account' and includes a warning message: 'WARNING: Please be sure that the information provided during registration is 100% accurate. This data will be used in your application, and you CANNOT modify this information after you register.' The form fields are: 'Legal First Name *', 'Legal Last Name *', 'Email *', 'Confirm Email *', 'Phone Number *', 'What type of application would you like to get started with? *' (a dropdown menu), 'Password *', and 'Re-enter Password *'. Below the fields is a checkbox for 'Please read and accept Terms and Conditions before proceeding.' At the bottom are 'CANCEL' and 'REGISTER' buttons. A link at the bottom reads: 'If you didn't receive your verification email, please click here.'

Getting Started

2. Verifying the account

The user will receive an email in the inbox for the email address provided requesting verification.

- Click the **Verify** button to complete the account registration.

Note: Be sure to check the junk or spam folder. If a verification email cannot not be found, please email support@kentucky.gov or call 502-875-3733.

Verification Email

Thank you for creating an account for the Kentucky Medical Cannabis Program registration system. Please click the button below to verify your account.

Verify

Please note, you must still complete and **submit your application** for review by the CHFS. Creating an account for this system does not constitute any level of compliance with Kentucky Medical Cannabis Program.

If there's anything we can do to help, please don't hesitate to reach us at [at support@kentucky.gov](mailto:support@kentucky.gov) or [\(502\) 875-3733](tel:502-875-3733).

Getting Started

3. Accessing the portal

- Clicking the **Verify** button will automatically redirect the user back to the Business Licensing Portal landing page to sign in. If the portal webpage does not automatically open, the user can access the sign in page from the “How to Apply” tab under the Businesses page of the Program website (mentioned in step #1).
- Enter the email address for the **Username** and the **Password** provided previously.
- Check the box to **Accept** the Terms and Conditions.
- Click **Sign In** once all form fields are complete, and the Terms and Conditions have been accepted.

Note: Selecting **Forgot Password** will send an email to the user for a password reset.

Portal Image

The image shows a screenshot of the sign-in portal. At the top left is the logo for TEAM KENTUCKY MEDICAL CANNABIS PROGRAM. At the top right is a REGISTER button. The main content area is a light gray background. In the center is a white sign-in form with a dark header that says 'Sign-in'. The form has two input fields: 'Username *' with the text 'your.email@address.com' and 'Password *' with masked characters. Below the fields is a checkbox labeled 'Accept Terms and Conditions'. At the bottom of the form are two green buttons: 'SIGN IN' and 'FORGOT PASSWORD'.

Getting Started

4. Navigating the portal

- Clicking **Sign In** will take the user to the application portal. Before entering, the user will see a light box titled “Getting Started” with general information on navigating the application portal.
- Review the information provided.
- Click **Continue** to proceed to the portal.

Portal Image

The **Business Licensing Application Portal** provides applicants with a user dashboard that contains the business license applications and invoices. Upon issuance, business licenses will be available in the user dashboard. All information and documentation for business license applicants and licensees will be submitted and received through the Business Licensing Application Portal.

Getting Started

4. Navigating the portal (continued)

The user will automatically enter the **License Dashboard** when opening the Business Licensing Application Portal. From the License Dashboard, the user can navigate to Applications, Invoices, and Account using the menu panel on the left side of the screen. The **Applications** tab will provide a list of all the open applications for the account and **Invoices** will become available upon license issuance.

Portal Image

At the top of the portal, you will see the first name provided for the account. Selecting this will open a drop-down menu with the options to **Change Password**, turn on **Dark Mode**, or **Logout** of the account.

The **Help** icon will provide you with links and contact information for assistance.

Getting Started

4. Navigating the portal (continued)

The **Account** tab opens a **Settings** tab with **General Information** tab for the account and a **Security** tab to manage or add new users. The General Information tab includes the information provided when registering and creating the account. Here you can update the account **website**, **phone number**, or **Tax ID Number** by changing it in the fields and selecting save or save and next.

Portal Image

The screenshot shows the 'Account Settings / Details' page in the portal. The left sidebar contains navigation options: License Dashboard, Applications, Invoices, Account, Settings (highlighted), Add Individual, and Add Business. The main content area shows the 'Account Information' form with the following details:

| Account Information | |
|-------------------------|---------------|
| Name | Account Type |
| KMCP | Business |
| Website | Tax ID Number |
| https://kymedcan.ky.gov | 123412345 |
| Phone Number | |
| (111)111-1111 | |

At the bottom right of the form, there are two buttons: **SAVE** and **SAVE & NEXT**.

Getting Started

4. Navigating the portal (continued)

Under the **Security** tab, you can view, add, remove, or recover authorized users to your account. To add a new user, click the **+New User** button and submit the preferred email address for the new user account. Click next and provide the first and last name with the same email address entered previously. The new user will receive an email with a randomly generated password to log in. Once the new user has logged in they will have all permissions with full access to the account.

To remove a user, select the trash can icon under the action column. Users can also be recovered by selecting **View Removed Users** and the circular arrows under the action column.

Portal Image

The **Account** tab also allows the user to **Add Business** or **Add Individual**, which will create a new and separate account for the portal. Please read the warning before proceeding.

If you create multiple accounts, or are added to manage multiple accounts, you can toggle between them using the gray box in the left-hand panel under **Selected Account**.

Getting Started

5. Creating a new application

To start an application, click the **+Create New Application** button from the **Applications** tab or on the left menu panel. This will prompt a light box titled “New Application” in which the user must click **New Business License**, confirming that the new application is created for the active account, then click **Create Application**.

Portal Image

A blank application will populate with **header tabs** indicating which section is currently in view. The header tabs can be used to navigate to each application section. Each section requires information related to the title and can be completed at any time while preparing the application. Be sure to save the information for each section by clicking **save** or **save & next** before moving to another tab.

Portal Image

Getting Started

6. Editing and saving an application

Once an application is created, it can be saved by clicking **save** or **save & next** before leaving each section and edited at any time. Note that some sections allow multiple entries, and each entry will need to be saved separately within the section.

The saved application will be accessible in the **Applications** tab from the License Dashboard. Once the application has been submitted it cannot be edited unless it is deemed deficient and the Program requests additional information or documentation.

Portal Image

| Application ID | Title | Status | Application Type | Submitted Date ↑ | Actions |

7. Reviewing an application

As you update an application with information and documentation, you can visit the **Review** tab to see what fields are completed or missing. The **red X** indicates missing information. Learn more about reviewing an application on page 64.

Portal Image

Getting Started

8. Submitting an application

It is recommended that applicants use the **Business License Application Checklist** provided in the Appendix and reference the **Business Licensing Application Guide** while completing each section of the application. For more resources on completing each section of the business guide, visit the **Resources** tab on the **Businesses** page at kymedcan.ky.gov.

After you have completed each section with all of the required information and documentation and have thoroughly reviewed your final application on the review tab, you can select **Pay and Submit**.

This will prompt the payment screen for your selected business license application fee, where you will again select the form of payment you would like to use and provide your payment information. Once you have done so, you can hit next and submit payment.

Portal Image

If the payment is successfully processed, you will be taken back to your account to a page indicating that your transaction has been approved and that your application is being processed. This will also provide you with a token in case you need to reference the transaction. You will also receive a confirmation email. If you have any issues with payment, please use the **Help** icon in the portal.

The confirmation of payment email does not indicate that the Program has acknowledged receipt of your application. This only means your application has been successfully submitted through the portal to the Program. You will receive notification of application receipt from the Program within fifteen (15) calendar days and that is when the review process begins.

Learn more about the application submission and review process on pages 8 and 67.

Business Licensing Application Guidance

The following guidance includes detailed **descriptions** of the information requested through the online portal for the business license application. Each section includes an overview of the requested information with references to the **relevant regulation** and **acceptable documents** to fulfill the application requirement with **examples** for reference.

The navigational status bar shown below is provided at the top of each page to indicate the tab in which the information is requested on the application. The **green arrow** shows which tab(s) on the application contain the requested information.

This guidance contains three (3) sections based on the type of information requested from the tabs covered in each section: Business Information, Applicant Information, and Legal and Payment Information. All sections include required **Documents** relevant to the information requested.

Business Information

These tabs require information and documents related to the proposed cannabis business.

Applicant Information

These tabs require information and documents related to the individuals or entities involved in the proposed cannabis business.

Legal and Payment Information

These tabs require legal attestations, payment information for the license application fee, and final review and submission of the application.

It is recommended that applicants reference this guide in addition to the **Business License Applicant Check List** provided in the Appendix when completing each section of the application.

Business Information

General Information

The **General Information** tab is where the applicant provides business information for the individual or entity applying for a license. This includes the **legal business name**, **business type**, any **trade name or DBAs** (“doing business as”), **federal tax identification number**, **Kentucky Secretary of State organization number**, **website** address (if any), **email address**, and **phone number** of the proposed cannabis business.

Here the applicant will also indicate if the proposed cannabis business has a **Management Services Agreement** in place. If yes, be sure to upload the agreement in the **Documents** tab (more on page 44).

█ **Exhibit F(f):** A description of the proposed Licensed Premises, including street address, plat/lot number and zoning district.

█
█
█ (the "Company") seeks to site its proposed Licensed Premises at █ the "Facility". The Facility is located in the C-3 Zone at plot 1-72.

The Facility is a 6,557 SF standalone building that is uniquely suited to site a █. Previously utilized as a restaurant, it has a total of 136 parking spaces, including three handicap accessible spaces immediately adjacent to the Facility's front entrance, and an existing ADA compliant ramp to facilitate patient access to the building. As shown on the enclosed plans, there is also a secured area of the parking lot for product loading and cash transportation

The Company has taken care to design the layout of the Facility to ensure that there is ample space to allow for patient enrollment, waiting, and education. Specifically, the 808 square foot Check-In area will provide enough area for patients to queue in the interior of the facility, and prevent individuals from lining up on the exterior of the property. The Check-In area will also have patient education materials available for review. A separate, 101 square foot Consult Room, will also allow for discrete patient consultations where individuals will be able to obtain additional and/or specialized education related to their unique health needs. Medical marijuana will only be dispensed in the Limited Access area designated on the enclosed Floor Plan as the █ Sales Floor.

The Facility has also been specifically designed to ensure compliance with all security regulations set forth in █. The Restricted Access areas of the Facility will not be accessible to any patients or caregivers, or other unauthorized visitors. As shown on the attached Security Plan and Floor Plan, the Restricted Access area of the Facility will include the following rooms:

- Vault (which will be used for storage of medical marijuana. No marijuana cultivation or manufacturing will take place on site)
- Secure Entry/Service Door Employee Entrance
- Intake Vault (which will be used for processing and packaging marijuana shipments from off site cultivation facilities)
- IT Office
- Utility Officer
- Security Office
- Manager's Office
- Kitchenette
- Employee Bathrooms
- Janitor's Closet

The remainder of the Facility will be designated as a Limited Access area that is only accessible to qualifying patients, caregivers, and authorized visitors. Limited Access areas include:

█ **Exhibit F(v):** A description of objective parameters (such as distances from streets and public areas) and/or proposed measures (such as black-out window shades) that ensure that marijuana at the premises shall not be visible from the street or other public areas

█
█ recognizes the critical importance of ensuring that marijuana within the premises is not visible from the street or other public areas surrounding its proposed █ (the "Facility"). The Facility has been uniquely designed to maintain the existing aesthetic of the commercial building without compromising patient privacy and strict adherence to the laws and regulations set forth by the █

The Company plans to utilize SOLYX Glass Finish on all exterior windows. SOLYX is a smooth, charcoal tinted translucent polyester film that obscures direct visibility while allowing for good light transmission. This film will prohibit exterior visibility of marijuana and marijuana products from the exterior of the facility while allowing the natural flow of light to permeate through the facility.

 - Public Restrooms
 - Check-In
 - Consult Room
 - Compassion Center Sales Floor
- The enclosed Security Plan also depicts all proposed walls, partitions, entrances, exits, and the location of security alarms, cameras, and surveillance recording equipment.
- The Company hopes to have the opportunity to increase patient access to medical cannabis by locating its proposed Facility in a central location. As demonstrated on the enclosed plans, the site is easily accessible by vehicle, located just blocks away from the █ and along █. The █ has a stop immediately in front of the property.

US \$350,000 September 10, 2020

PROMISSORY NOTE

FOR VALUE RECEIVED, [REDACTED] nonprofit corporation with a mailing address at [REDACTED] ("Borrower"), does hereby promise to pay to the order of [REDACTED] ("Lender") having, the principal amount of Three Hundred Fifty Thousand and 00/100 (\$350,000.00) Dollars ("Loan"), together with interest, in arrears, from the date hereof on the unpaid principal balance as hereinafter provided.

Principal and interest shall be payable in equal monthly installments of Four Thousand and 00/100 (\$4,000.00) Dollars, commencing on the 1st day of August, 2021, and continuing on the same day of each successive month thereafter through September, 2023 (each, a "Payment Date"), when the entire principal balance and all accrued interest and other sums due hereunder, if not sooner paid, shall be paid in full. The principal amount outstanding from time to time hereunder shall bear simple interest at the rate of eight (8%) percent per annum ("Interest Rate"). Interest shall be calculated on the basis of a three hundred sixty (360) day year counting the actual number of days elapsed. All payments hereunder shall be applied first against interest then due and payable and the balance in reduction of principal. This Note may be prepaid in full or in part at any time and from time to time without prepayment penalty or premium.

In no event shall the amount of interest payable with respect to the outstanding principal balance, together with all other charges which are required to be treated as interest under applicable usury law, exceed the amount of interest allowable by such laws. Any change in the applicable laws or the maximum rate thereunder shall be effective as to the determination of the amount of allowable interest as of the effective date of such change. In the event that any amount is collected in excess of the applicable allowable rate, the excess amount collected shall be applied to reduce the principal debt.

Upon and after a default or event of default under this Note or any other document or instrument evidencing, securing or relating to the Loan, and after the expiration of any applicable cure or grace period (an "Event of Default"), the Loan shall bear interest, payable upon demand, at a rate per annum equal to the sum of the Interest Rate plus four (4%) percent ("Default Rate").

If any payment of principal or interest due hereunder is not paid within ten (10) calendar days from the date same becomes due or any other payment hereunder is not paid on or before the maturity date, any such payment so unpaid, as the case may be, shall bear interest from the date such was due until paid at the Default Rate. Interest on such payment so unpaid shall be compounded monthly and shall be payable upon demand. Such charge shall be paid by Borrower without prejudice to the right of Lender to collect any other amounts provided to be paid under this Note or any other agreement or, with respect to late payments, to declare an Event of Default.

Both principal and interest shall be paid by Borrower in lawful money of the United States of America such that Lender has received immediately available funds for the credit of Borrower

The Company has made several assumptions to generate this three-year profit and loss statement, including those relating to material and labor costs, market conditions, staffing necessities, and patient and caregiver growth rates. The Company will utilize the [REDACTED] in Available Capital it has obtained as well as operating income to run the [REDACTED]. The Company is confident this amount of capital is more than adequate to pay for renovation, purchase equipment and supplies, pay consultants and vendors, pay employee salaries, reinvest in the community, pay any permit and license fees associated with its operations, and cover any other unforeseen expenses that may arise.

The Company anticipates its medical marijuana product sales revenue in 2021 to be \$[REDACTED] increasing to \$[REDACTED] in 2022, its first full year of sales, and \$[REDACTED] in 2023. This assumption is based off of the most recent annual report issued by the [REDACTED] Department of Health, for the fiscal year ending June 30, 2020, there was a total of 19,803 active patient registrations and 867 active authorized purchaser registrations.²⁵ This represents approximately 1.87 percent of [REDACTED] population and is a significant increase from patient enrollment throughout the previous year, when there was a total of 16,218 active patient registrations and 819 active authorized purchaser registrations.²⁶

The Company believes an increase in the number of licensed [REDACTED] will result in increased patient enrollment across the state. [REDACTED] patient registrations increased significantly once additional medical marijuana treatment centers were opened across the [REDACTED], as prospective patients were able to incorporate visits to their local treatment center into their health and wellness routine. The Company believes that this transition will happen rapidly as the use of medical marijuana becomes normalized and new compassion centers open.

According to a recent analysis by [REDACTED] the average consumer is willing to travel a maximum of seventeen minutes for a routine visit to a store. A sizable population of the state lives well over this 17 minute barrier, which may prevent them from seeking alternative treatment. The Company believes that [REDACTED] residents would be well served with the addition of its proposed dispensary in [REDACTED]. Notably, almost 27 percent of [REDACTED] residents reside within Zone 2, which is also a major commuter destination.

Using its 17 minute driving analysis, the Company believes its location – and ideal proximity to numerous highways across the state coupled with 125 parking spaces – will ease patient access in [REDACTED]. Its facility is also located proximate to numerous [REDACTED] stations, the [REDACTED]

Relevant Regulation

915 KAR 1:010E, Section 3(5):

The applicant shall submit the following in the initial license application:

(s) The name, mailing address, business title, phone number, and email address of the primary contact for the application as well as the name, address, and email address of any entity or individual who assisted the applicant with preparing the application;

Applicant Information

Individuals & Entities of Interest

The **Individuals & Entities of Interest** tab is where the applicant will identify and provide contact information for **all individuals and entities with at least ten percent (10%) equity or similar interest in the proposed cannabis business, as well as any Principal Officers, Board Members, and Financial Sources** without an ownership interest. The section is also used to identify any physician or advanced practice registered nurses (APRNs) with an ownership or investment interest in or a compensation agreement with the proposed cannabis business.

Individuals are required to provide the **full name, phone number, email address, and a verified residence and mailing street address**, in addition to a **driver’s license number, date of birth, and social security number**. Here the applicant will also indicate the **role and ownership percentage** that the individual holds in the proposed cannabis business.

Entities are required to provide an **entity name** and any **business names, including DBAs (if applicable)**, in addition to the **entity type, FEIN number, phone number, and email address, with a verified street and mailing address**. Here the applicant will also indicate the **role and ownership percentage** that the entity holds in the proposed cannabis business. Entities must also provide information for a primary contact/responsible person, including a **first and last name, business title, phone number and email address, with a verified street address**.

Application Portal

This section allows for multiple individuals and entities to be entered. Each individual or entity will be entered into a separate grid, which requires pushing a **SAVE RECORD** button before continuing with the next entry. The **SAVE RECORD** button will add the entry. The **SAVE** button at the bottom of this page will save your progress on the page in case you need to exit the system and come back later to complete the application. If you need to edit or remove an entry, make sure all open records have been saved first. The form will adjust information fields based on the **type of record** selected.

Applicant Information

Parent Company

The **Parent Company** tab is where the applicant will indicate if a parent company has ownership or control of the proposed cannabis business. If yes, the applicant will include the legal **entity name** and any **business names, including DBAs (if applicable)**, in addition to the **relationship/title, email address, phone number, FEIN number, and verified physical and mailing address** for the parent company. Here the applicant will also indicate the **ownership percentage** that the parent company holds in the proposed cannabis business.

Entities must also provide information for individual owners of the parent company, including the **first and last name, relationship/title, verified residential and mailing address, and ownership percentage** that the individual owner holds of the parent company.
