

MEMORANDUM

Date: October 16, 2024

Subject: Notice of initial cannabis business license application availability (Safety Compliance Facility)

Required by: 915 KAR 1:010, Section 3(1) *SRF*

Prepared by: Sam Flynn, Executive Director
Office of Medical Cannabis

Pursuant to 915 KAR 1:010, Section 3(1), the Office of Medical Cannabis (“OMC”) shall publish notice of initial cannabis business license application availability on the website for the Kentucky Medical Cannabis Program, <https://kymedcan.ky.gov>, including the time frame during which initial license applications shall be accepted. This notice shall also state the category and number of cannabis business licenses available for issuance at the close of the application period.

Accordingly, the OMC provides the following notice:

1. Application Availability. The Kentucky Medical Cannabis Program will accept initial applications for **safety compliance facility licenses** beginning at 12:00:01 AM EST on November 1, 2024 through 11:59:59 PM EST on November 30, 2024.
2. Applicants shall use the electronic initial license application form prescribed by the Kentucky Medical Cannabis Program and made available through its website, <https://kymedcan.ky.gov>.
3. Submitted applications will be reviewed by the OMC in the order they are received. Written notice will be provided via email to applicants who submitted incomplete or deficient applications stating that the applicant has ten (10) calendar days from the date of the deficiency notification to cure the identified deficiencies and resubmit their applications. If an applicant fails to cure any identified deficiency within ten (10) calendar days from the date of the deficiency notification, the program shall reject the application as incomplete.
4. Written notice will be provided via email to applicants who submitted timely complete applications with information regarding issuance of licenses.

5. The categories and number of cannabis business licenses available for issuance at the close of the application period, subject to the requirements of 915 KAR 1:010 and 915 KAR 1:020, are as follows:

Safety Compliance Facility	No limit.
----------------------------	-----------

Please note that the Kentucky Medical Cannabis Program will not be issuing licenses for the Cultivator, Processor, Producer, or Dispensary license categories at this time.

For additional information regarding the initial cannabis business license application process and licensing generally, please review 915 KAR 1:010 and 915 KAR 1:020 and visit <https://kymedcan.ky.gov>.
