Licensee Picasso Cannabis LLC:

Since becoming operational, the Office of Medical Cannabis (OMC) has repeatedly advised Picasso Cannabis LLC regarding the critical importance of accurate inventory tracking in Metrc. OMC has also previously issued deficiencies to Picasso Cannabis LLC regarding inventory discrepancies.

On May 4, 2026, the OMC conducted an inventory inspection of licensee's medical cannabis dispensary located at 2401-B Bardstown Rd, Louisville, KY 40205. During the inspection, OMC identified a package with Metrc tag #1624 (containing 53 units of Purple Diamond medical cannabis material) physically located on a "rolling rack" while Metrc identified the package as being located in the "Main Storage Room". Licensee failed to ensure its inventory is accurate in real-time in the Commonwealth's designated electronic monitoring system and seed to sale tracking system per 915 KAR 1:070 Section 12(2).

Consequently, in accordance with 915 KAR 1:020 Section 12(1), OMC issues the following enforcement action to licensee Picasso Cannabis LLC:

- A fine of one-thousand dollars (\$1,000).

Per KRS 218B.100(3), the OMC shall provide notice of suspension, revocation, fine, or other penalty, as well as the required notice of the hearing, by mailing, via certified mail, the same in writing to the cannabis business at the address on the license. **The cannabis business may, within thirty (30) days after the date of the mailing of the cabinet's notice, file a written request for an administrative hearing regarding the suspension, revocation, fine, or other penalty. The hearing shall be conducted in compliance with the requirements of KRS Chapter 13B.**

The request for administrative hearing form is available on the website for the Kentucky Medical Cannabis Program, kymedcan.ky.gov, on the Business page under the Forms tab.
